The first part of the paper discusses the importance of understanding the cultural context of the research. It highlights the need for researchers to be sensitive to the values and beliefs of the communities they are studying. This is particularly important in the field of health research, where cultural differences can significantly impact the effectiveness of interventions.

The second part of the paper presents a case study of a health intervention in a rural community. The study found that the intervention was more successful when it was tailored to the local culture and beliefs. This suggests that a one-size-fits-all approach is not always the best solution.

The third part of the paper discusses the challenges of conducting research in a culturally diverse environment. It notes that researchers often face difficulties in finding a common ground between their own cultural perspectives and those of the communities they are studying.

The fourth part of the paper offers some suggestions for how to overcome these challenges. It suggests that researchers should take the time to learn about the local culture and beliefs before conducting their research. It also suggests that researchers should involve community members in the research process from the beginning.

The fifth part of the paper concludes by emphasizing the importance of cultural sensitivity in research. It states that understanding the cultural context of the research is essential for developing effective interventions and for ensuring that the research is respectful and ethical.

1994 A Year Of Changes!

The Class of 1995 poses for the camera outside the high school.

DeLand-Weldon High School is located on Route 10 between DeLand and Weldon.

When school started in August, we were faced with our first change of the year. We learned that Mr. Rich would be leaving us and we would have a new administrator. Mr. Larry Baker filled the position until February when Mr. Mash and Mr. Birge joined us. We also saw four new faces sitting at teacher desks this year. They were: Mr. Behrens, Math; Ms. Hillard, Art; Ms. Isaac, Business; and Ms. Lancaster, Special Education.

Like everyone, we started our freshman year a little nervous. But soon our nerves gave way to excitement as the Class of 97 became involved in school activities. Many of the girls were involved in volleyball and cheer-leading while the guys played basketball. Bake sales and cake raffles were held to raise money. After the Christmas break everyone helped decorate the wall near the front door for homecoming week. Our wall deck received 3rd place, and we also placed 2nd in the scavenger hunt. Many classmates were also auctioned off as slaves during homecoming. As the year rolls along, we look back on our first year of high school with many wonderful memories.

Starting our sophomore year wasn't as terrifying as our freshman year. This year we would be the ones to pick on freshman instead of being "picked on". As sophomores we are very anxious to get out on the open road. It was also fun picking out which class ring we wanted and what to get put on them. During homecoming week, our sophomore class came out on top in everything! We received 1st place on our wall deck, 1st place in the scavenger hunt, and we also won the spirit stick. As our high school years go on, we become better friends, more relaxed and we also gain more freedom.

Juniors

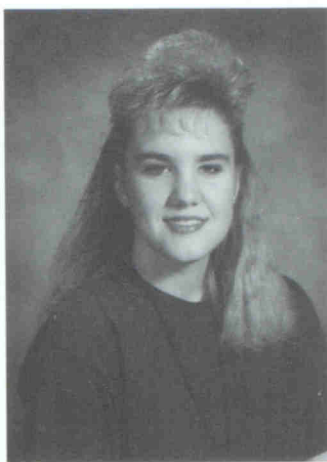

As freshmen we were a bunch of smart alecs, but we didn't learn because we still are that way. As sophomores we learned that we will always get last on our wall decks, and we wouldn't have a lot of money for Prom or our Senior trip. As juniors we were sure that we would get last on our wall deck. But, we did manage to get enough money for prom and drive our sponsors crazy because we would always cancel our bake sales and always gossip during the class meetings. As the year goes on we are trying to get enough money for our senior trip. Also, some of us are deciding on what colleges to attend. As we become seniors we will be ready to get out of here, and all the teachers will breath a sigh of relief when we get through DWHS. But, all and all we have been a pretty close class and are all friends.

Some Closing Thoughts

by Joe Woolums, Class President

As freshmen, we were very careful of what we did. We didn't want to be thought of as immature by the rest of the high school.

As sophomores, we relaxed a little bit. We didn't care what they thought of us because we were getting our driver's licenses.

As juniors, it seemed our class didn't do anything except spend all of our money to put on a Prom.

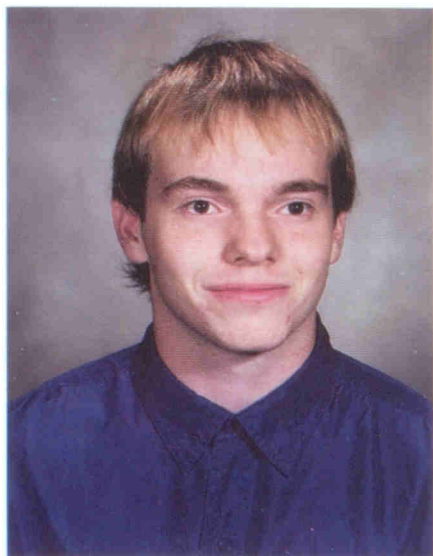

As seniors, we are eager to get out and taste the fruits of our labors. It's been fun, but we're off to bigger and better things. See you at the class reunion.

Junior Varsity

The junior varsity team consisted of 2 sophomores and 7 freshman. The team started the season with a win against St. Teresa. As the season progressed, the team greatly improved and started playing well together. Many matches saw the JV squad fight their way back from a first game loss to win the second game. Unfortunately, they couldn't pull out the third game. But, look out next year, because the JV squad will be better than ever.

In August the volleyball team started summer practices with a new coach, Miss Regina Isaac. In September, DeLand-Weldon hosted the annual Eagle Classic, with 5 teams participating. The team got on the winning track with a victory against Calvary Baptist and showed improvement throughout the season. The second half of the season proved to be a turning point as the team came out on top against Atwood-Hammond, Bethany, and Calvary Baptist. One memorable moment came against Calvary Baptist as the team played their best game of the season to win on Senior Night. Also on that night, the volleyball team honored two graduating players, Jaime Baker and Pam Krause.

This was the beginning of a new era for the DeLand-Weldon Eagles. The season began with a new head coach, Mike Thornton. Returning from last year's team were Bryan Martin, Nathan Seal, and Isaac Peterson. They were joined by two other first year players, Dan Houston and Chris Wheeler. Also contributing was Rob Porter and Brad Wallen. The Eagles never lost their desire to win, and the season's high point was an upset victory over the Blue Ridge Knights on homecoming night. Throughout the season the Eagles showed much improvement as they played many tough and exciting games until the last buzzer. The Eagles ended the season with a first round loss to their arch rival, the Clinton Maroons, in the regional tournament. On Senior night, the basketball team bid farewell to the 5 seniors; they will be missed.

BOYS TRACK

The boys track team was small but mighty this year. Although the team was small and young (2 freshman, 2 sophomores and 1 senior), they accomplished a lot. The biggest accomplishment came when Dave Moore qualified for the state track meet by finishing 2nd in sectionals in the 800 meters. Dusty finished 1st in the long jump and placed in the top 3 in the 100 meters several times. And, Joe, Zach, and Brian consistently improved their personal bests in the 400 meters, discus and shot put.

PICTURED: Zack Wikoff (back row, R) competed in the discus and shot put. Joe Woolums (front row, R) competed in the 200 and 400 meters. Dave Moore (front row, L) competed in the 800 meters and mile run. Brian Stoppkotte (back row, L) competed in the discus and shot put. Dusty Austin (not pictured) competed in the 100 meters and long jump.

Yearbook was changed from a class to an extra-curricular activity this year and also received a new advisor. This change meant after school meetings to the 8 staff members. The members did a variety of activities to help raise money for the yearbook. Those activities were: selling advertisements, selling candy canes and cards at Christmas, selling flowers during homecoming, and selling candy during the spring. The yearbook staff hopes that all of their hard work pays off and that everyone enjoys their 1994 yearbook.

CHECK MATE!

BAND AND CHORUS

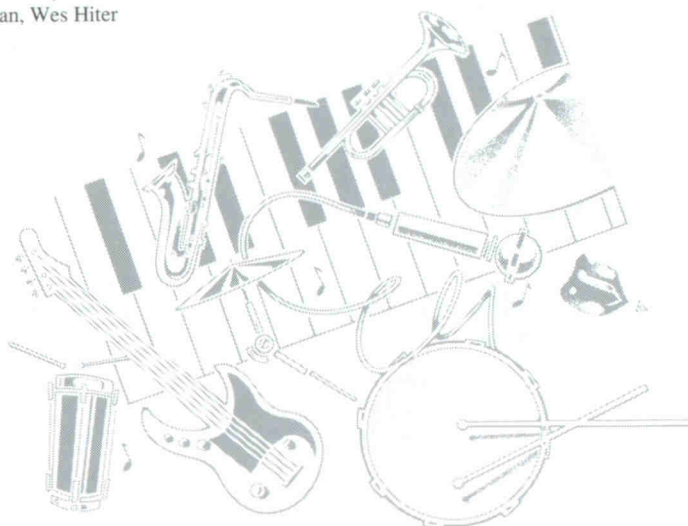

The band had a very busy year under the direction of Mrs. Schlesinger. They played in both the DeLand and Weldon homecoming parades, performed at some ball games, and conducted fund raisers throughout the year to raise money for a trip at the end of the year. In May, the band and chorus combined to put on a stage show. The show was a little different than those done in the past, but everyone agreed that it was fantastic. The band also marched in DeLand and Weldon for the Memorial Day celebrations.

BAND MEMBERS:

(sitting on ground, L-R): Peggy Baylor, Tracy Benson, Joe Woolums, Isaac Peterson, Jared Lofrano, Andrea Dalton, and Pam Krause; (sitting on car): Jessica Julius, Amy Atteberry, Kelli Roos, Josh Shofner, Nathan Seal, Bob Meschnark, and Korey Neibarger; (inside car): Marissa Michael, Rindi Peterson, and Crystal Anderson; (behind car): Andrew Thorman, Wes Hiter

With the help of fund raisers, the band and chorus students were able to take a trip to Great America and Gurney Mills when school ended.

The chorus started off the year with a winter concert. Fundraisers kept the students busy throughout the year. They also performed for the senior citizens luncheon. The group traveled to Millikin for competition and performed well (see next page). And in the spring the band and chorus combined to present a stage show, which everyone truly enjoyed.

A magical thing happens when a young adult turns 16. It is something that will alter the rest of their life. It is the drivers license. This is their ticket to freedom. But, to go along with the drivers license you need a car, an insurance card, and a license plate. Here are just a few plates from the junior's and senior's vehicles. The feeling of the wind in your face and the open road ahead is the greatest feeling of all. Underclassmen, just think of what you have to look forward to!!!
